Victory Christian	\$9,234
Merryhill Calvin	\$14,370
Sac Country Day	\$24,000- 27,060

## **Join the PRIDE and Experience the VALUE of a Christian Education!**

Many parents are surprised to learn how affordable our tuition combined with daycare is in comparison with local daycare programs. That, along with the many ways we can provide savings, makes Bradshaw Christian School a choice for your student to receive a quality, Christian education.

- **Financial Aid** - Bradshaw strives to provide as much financial assistance as possible to families in need. We offer partial tuition assistance grants to qualified K-12 students. Qualification is need-based and families can **receive an award for up to 25% of their tuition**. See the school website for details. <https://www.bradshawchristian.com/admissions/financial-aid/>
- **12 Month Tuition Plan** - By spreading tuition over 12 months instead of the traditional 10, you may see a **lower monthly payment anywhere from \$95 to over \$155**. Payments begin in June 2023 and end the month of May 2024.
- **TAPS Tuition Rebate Program** - Put your shopping to work for your tuition! Order gift cards for everyday expenses through our *RaiseRight* program and get quarterly rebates back on your tuition account. Participants have received **rebates that have ranged from \$20 to \$611, with the average being about \$100**. Friends and family members who participate can contribute to your rebate as well.
- **County Childcare Resources** - Did you know that qualifying, low-income families in Sacramento County may receive assistance towards the cost of all childcare related fees, such as our preschool program or any daycare costs? Check out programs like Child Action to see if you may qualify. Another consideration is that our full time kindergarten program with before and after school care is actually LESS expensive than attending public school and using many local daycare programs in our area!
- **529 Savings Plans** - With the "Tax Cuts and Jobs Act" that was signed into law December 22, 2017, you can now use the 529 Savings Plan for K-12 tuition expenses up to \$10,000 per year, per child. The earnings of this fund are allowed to **grow free of federal tax**. Special federal tax provisions allow even grandparents and extended family to contribute to this savings plan. Talk to your financial planner about if this may help you.
